AYODELE AYANFEOLUWA AJIBOLA

Ile-Ife, Osun State, Nigeria | ayanfeoluwaayodele21@gmail.com | 08141989017 | github.com/ayanfe-arch

PROFILE

Backend developer with hands-on experience in Node.js, Express, MongoDB, and NestJS/Prisma/PostgreSQL. Currently building a full-stack multi-restaurant food ordering and delivery platform during an industrial placement at Web79, and collaborating with a peer team on the backend of a hiring platform. Also experienced in teaching frontend fundamentals.

EDUCATION

Obafemi Awolowo University, Ile-Ife, Nigeria *Jan 2022 – Jul 2027*
B.Sc. Computer Science with Mathematics

EXPERIENCE

Backend Developer Intern (SIWES) — Web79 *2026*
- Building a full-stack multi-restaurant food ordering and delivery platform (Node.js, Express, MongoDB)
- Designed a rider/delivery-side flow for order fulfillment

Frontend Development Tutor — Web79 *2026*
- Taught JavaScript, HTML, and CSS fundamentals to students

PROJECTS

Restaurant Food Ordering & Delivery Platform — Web79 IT Project *2026*
Node.js, Express, MongoDB
- Building a full-stack multi-restaurant marketplace for browsing restaurants, placing orders, and tracking delivery
- Designed a rider/delivery-side flow for order fulfillment

Conflux — Applications & ATS Module (Group Project) *2026*
NestJS, Prisma, PostgreSQL
- Collaborating on the Applications and ATS module of a hiring/recruitment platform
- Built the Prisma schema for the Application entity and the NestJS module structure (controller, service, DTOs)
- Implemented and tested endpoints, including POST /apply/:roleSlug

Role-Based Book Management API
Node.js, Express, MongoDB, JWT, Passport.js, OAuth
- Built user and book models with authentication middleware using JWT and Passport.js

Restaurant API
Node.js, Express
- Built a JSON-file-backed API with full CRUD logic and service-controller separation

Notes API with Authentication
Node.js, Express, MongoDB
- Built a CRUD API for notes with authenticated access

TECHNICAL SKILLS

Languages/Frameworks: JavaScript, Node.js, Express, NestJS
Databases: MongoDB, PostgreSQL, Prisma ORM, SQL
Frontend: HTML, CSS
Auth: JWT, Passport.js, OAuth
Tools: Git/GitHub, Postman, VS Code

SOFT SKILLS

Leadership | Teamwork | Communication | Technical Teaching & Mentorship
